PROFESSIONAL SUMMARY

MCA student with foundational knowledge of Windows, Linux, networking, and cloud computing. Hands-on experience deploying web applications and configuring cloud-hosted services. Interested in technical support, troubleshooting hardware and software issues, and helping customers resolve technical problems. Eager to learn new technologies and contribute to a technical support team.

TECHNICAL SKILLS

Networking: TCP/IP, DNS, HTTP/HTTPS, OSI Model, Subnetting, Routing & Switching Fundamentals, Firewalls

Operating Systems: Linux, Windows — System Administration Fundamentals, Linux CLI

Web Technologies: HTML5, CSS3, JavaScript, REST APIs, Responsive Web Design

Databases: MySQL, SQL — CRUD Operations, Joins, Normalization, Database Design

Programming: C , C++

Cloud Computing: Cloud Architecture Fundamentals, Virtualization, Compute & Storage Services, Networking Fundamentals, Scalability, Availability, Cloud Deployment Concepts

Cloud Platforms: AWS (EC2, S3, IAM, VPC — Fundamentals), Google Cloud Platform (Fundamentals)

DevOps & Tools: Git, GitHub, Docker (Fundamentals), VS Code

PROJECTS

REVA Fitness – Interactive 3D Anatomy & Fitness App | Flutter, Dart, Riverpod, Custom Canvas Rendering |2026

- Developed a fitness application featuring interactive 2D/3D human anatomy models, muscle highlighting, and muscle-specific exercise guides.
- Implemented muscle search, favorites, workout instructions, stretching recommendations, and recovery guidance.

Full-Stack Resume Builder | Java 17, Spring Boot, Spring Security, JWT, MySQL, HTML5, CSS3, JavaScript |2026

- Developed a full-stack web application with JWT-based authentication, resume creation and editing, and PDF export functionality.
- Implemented REST APIs, CRUD operations, and persistent data storage using Spring Data JPA and MySQL, with a responsive frontend.

AWS WordPress Hosting | Amazon Web Services (AWS), WordPress, Cloud Computing |2026

- Deployed a WordPress website on AWS, configuring cloud hosting infrastructure and the web server environment.
- Gained hands-on experience with cloud resource configuration, website deployment, and hosting management.

EDUCATION

M.C.A. — Master of Computer Applications | 2025 – Present | Pursuing
REVA University, Bangalore

BCA. — Bachelor of Computer Science | Jun 2022 – Jun 2025 | 74.76%
AMES SCIENCE DEGREE College | Raichur University

Pre-University 12th — Science | Jun 2019 – Jul 2021 | 64.67%
RV ES PU College ,Yadgiri

SSLC 10th | Jun 2018 – Apr 2019 | 72.48%
Don Bosco School Yadgiri

CERTIFICATIONS & ADDITIONAL INFO

Certifications: Cloud Computing with Amazon Web Service (Udemy) -2026 | AWS Certified Cloud Practitioner (Udemy) – 2025| GCP Associate Cloud Engineer (Udemy) - 2025

AI Proficiency: Prompt engineering with ChatGPT, Claude, DeepSeek, Perplexity — full-stack code generation, and debugging.

Languages: English (Professional) | Kannada (Native) | Hindi (Conversational) | **Availability:** Immediate joiner | On-site / Hybrid / Remote.
